IVY NETWORK CORPORATION  
242-A YALE STATION  
NEW HAVEN, CONN. 06520

6

8/16 Jim-- Marshall Millsap and I took a lot of time together digesting everything you send in newsletter #6, and it may very well be that WPRB will be the next station to send a xeroxed letter off to every other station in the network. But NOT, repeat NOT to speak out on delays in payment and other dissatisfactions, but to call on the member stations to give Ivy their support when the prospects for a breakthrough in progress are greatest. The stations are gaining recognition, NEAS fits our image and we're encouraged by the fact that you and Chas are putting in your own time to straighten things out and keep us informed. WPRB does not like the idea of having three stations drop out of the network, particularly when two of them are at Ivy schools. Make some moves to keep them in, Jim, and we'll back you all the way. Best always,

Dave
